Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submissions filed on 11/4/04 and 1/19/05 have been entered. Claims 8 and 105-117 are pending.

Information Disclosure Statement

The IDS filed 11/4/04 has been fully considered.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeff Hundley on 2/17/05.

Examiner's Amendment

The application has been amended as follows:

Art Unit: 1631

Replace claim 8 with the following:

8. A cyclic peptide modulating agent comprising the formula:

wherein the agent can modulate cadherin-5-mediated endothelial cell adhesion.

Claims 105-112 and 114-117:

Replace the first term "A" in each claim with --The--.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the Blaschuk declaration filed 11/4/04 provides enablement for modulation of cadherin-5-mediated endothelial cell adhesion using the claimed cyclic peptide. The prior art does not teach or fairly suggest a *cyclic* peptide comprising the claimed sequence.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 8 and 105-117 are allowed.
